NEWS AND REPORTS

April 13, 2018 – For Immediate Release

Splatsin and the Regional District of North Okanagan partner on a Cooperative Communications Framework Agreement

Splatsin (Enderby, BC), Secwepemc Nation – on April 11, 2018, Splatsin and the Regional District of North Okanagan (RDNO) met at the Splatsin Community Centre to sign a Cooperative Communications Framework Agreement. The RDNO and Splatsin will now proceed with meeting on key topics under a framework that requires communication and reporting. The key areas of discussion will include: Shuswap River boating regulations, Sicamous to Armstrong rail corridor and the development of properties around Mabel Lake.

“Splatsin has been in discussion with the RDNO regarding an agreement to facilitate communications and cooperation among the parties,” stated Wayne Christian, Splatsin Chief, known as Kukpi7 Christian. “These discussions began at a meeting between Splatsin and RDNO in March. On March 13th Splatsin Chief and Council passed a motion to fully support and approve the signing of the RDNO-Splatsin Cooperative Communication Framework as presented to us by our Title and Rights Department.”

“On April 11th the RDNO and Splatsin signed the framework agreement allowing us to proceed with business,” continued Chief Christian. “Our Band members were invited to witness the signing.” The chair of the RDNO, Bob Fleming added, “This Protocol will help to guide respectful communications and build upon the relationship and history of cooperation between Splatsin and the RDNO. We look forward to continuing to work with Splatsin on issues of common interest and objectives.”

Splatsin strives to engage our members in the pursuit of good governance, to ensure we respond to needs that are expressed at the individual, family, community and Nation levels. The Splatsin are the most southern tribe of the Shuswap Nation, the largest Interior Salish speaking First Nation in Canada whose aboriginal territory stretches from the BC/Alberta border near the Yellowhead Pass to the plateau west of the Fraser River, southeast to the Arrow Lakes and to the upper reaches of the Columbia River.

Splatsin celebrates graduates of the FireSmart Community Champion Resilience Training

Splatsin (Enderby, BC), Secwepemc Nation – this month Splatsin celebrated the accomplishments of seven Band members who successfully completed the FireSmart Community Champion Resilience Training. Graduating from the program were Sonya Charlie, Agnes Celesta, Irwin David, Eric Nicholas, Dakota William, Kurt Ram and Desmond Muskrat.

“We are very proud of the Splatsin Band Members who have successfully graduated from the FireSmart Community Champion Resilience Training,” commented Shawn Tronson, Band Councillor. “To see seven of our members receiving their certificates is an honourable moment for our community.”

“This accomplishment marks the first step in Splatsin becoming a FireSmart Community,” commented Councillor Tronson. “Further training will be offered to our members as part of the FireSmart Community branding process.”

Splatsin, FNESS and Rider Ventures worked together to deliver the ten-day FireSmart Training, offering the students essential training like: first aid, assessment, hazard identification, fire suppression, documentation, mapping and self esteem training. The field work conducted by the students included: assessing homes and historical sites properly, as well as identifying tree species such as the important medicine tree in the Splatsin area - the Western Yew tree. The students

learned the importance of prepping hazardous heavy fuel loaded areas by spacing, ladder fuels, and learning the natural factors of deer and elk habitats in the area. The graduates are now ready to work on the FireSmart projects, or flooding operations.

Splatsin strives to **engage our members** in the pursuit of good governance, to ensure we respond to needs that are expressed at the individual, family, community and Nation levels. The Splatsin are the most southern tribe of the Shuswap Nation, the largest Interior Salish speaking First Nation in Canada whose aboriginal territory stretches from the BC/Alberta border near the Yellowhead Pass to the plateau west of the Fraser River, southeast to the Arrow Lakes and to the upper reaches of the Columbia River.

Recap of SDC's meeting with Community, Mar 28th.

With very short notice we had one of the best turnouts in a while with over 60 participants in attendance.

The night began with a short word from Board chair Murray Rossworn and then a slide presentation of the Splatsin Development Corporation from General Manager Les Skaalid. The presentation went over the structure of the corporation, the role of the Board of Directors, the role SDC plays in the community in terms of employment and capacity development, as well as the details on the various businesses SDC oversees.

We had constructive dialogue with those in attendance and tried to answer as many questions as possible. Here is a sample of some of the questions and responses:

There is a need to job shadow/train band members to take over senior roles in the dev corp. It was explained that leadership is open to this and encouraged

young people to work with education to pursue post-secondary studies in forestry, archeology, environmental services, business and management. This is a long-term issue.

It was stated there is a need for more transparency from SDC – both financial and with new business decisions. SDC management is working with Chief and Council to develop structures and processes to include more meaningful input from the community. This may include committees and regular community meetings. At the end of the day, the goal of SDC is to make every Splatsin band member feel connected to and represented by SDC businesses.

There was a concern that Splatsin was not taking advantage of the need for housing on reserve by getting a housing construction group together. It was mentioned that there is an offer from the Province to fund 10 training seats for red seal carpentry. The feasibility of this program will begin in the next few weeks.

Some written comments included the need to develop tourism on IR#3, improve Quilakwa RV Park, engage in some tourism by the Shuswap River, educate Band members to run their own businesses and help set up housing for single people (tiny homes).

For some financial clarity, the development corporation makes an annual payment of \$654,000 to the help cover the costs of the community centre and the gas station buildings. The rest of the profits are reinvested to grow existing businesses and to start new ones.

On top of this, roughly \$685,000 in wages went to status employees in 2017. There is also an annual education bursary, and proceeds from our golf tournament which have gone to the language program in the past 2 years.

The staff at SDC is committed to more of these public sessions and will work with Chief and Council to follow-up on the suggestions and comments listed above. The message we are hearing is that more transparency and community involvement is needed. Together, we can create and operate businesses that help

deliver financial independence to the Band and improve the lives of Band members. Please stay involved!

Splatsin Member Information Session report

Members attended a communications workshop that included a presentation on the communications analysis & planning currently taking place, a summary of improvements and discussion questions.

Improvements are a work in progress:

Newsletter submission deadlines and distribution dates are being more clearly communicated. The cost effectiveness and communications effectiveness of the newsletter are being reviewed. Departments are implementing and evaluating community engagement strategies, like live streaming, direct invitations, advanced invitations, clear agendas, meals and door prizes. Active social media sites are being changed to proper channels (for example, FB profiles are being changed to pages). A Members Only Group is now active. A member's only computer has been set up in the main reception area for easier access to Splatsin communications. A communications bulletin board has been placed beside the computer. Chief & Council, along with directors, are working to improve Splatsin communications.

At the end of the presentation, members were asked to participate in discussion around four main areas of communication. Member input included the following: The newsletter needs to contain more news and reporting. Concerns about late delivery, wasted space and the cost of the newsletter were raised. Members recommended the following changes to community engagement:

- *clarity on the agenda/purpose of the meeting;
- *regular meetings, like assemblies and information sessions, be posted for six months in advance;
- *meetings to start on time;
- *reasonable advanced notice time for all meetings;
- *useful door prizes, like gas and food vouchers;
- *daycare and rides provided;
- *better room set up at meetings to encourage member participation and discussion;
- *communication about committee responsibilities;

- *a mix of daytime and evening meetings to better fit all member's schedules;
- *proper equipment and training for better quality of video recording/streaming of meetings.

Members want the website to be kept current with items like news and job postings. Members feel that the website is a foundation of the information for members. Not all members understand how to use the members only Facebook group. Members are confused by the amount of Splatsin Facebook pages there are to follow. Members recommended that there only be one main Splatsin Facebook page and one members only private group. Members are looking at Facebook for daily information and notices to updates to the website. No members present were currently using Twitter.

Members want to know that they will be responded to when they leave messages, like voice mail, email or in person for staff at Splatsin.

Members are reminded to provide Elizabeth with your updated contact information and your preference for the type of newsletter you'd like to receive. The FB Live streaming of this meeting can be viewed by members at <https://www.facebook.com/groups/150465662246998/>.

HOUSING & PUBLIC WORKS

Public Works

Please be reminded that you can place four tied garbage bags for pick up each Tuesday morning. We are seeing more and more community members bringing garbage to bins at buildings on reserve, we ask that you instead use your residential garbage pickup. Please do not bring garbage in to bins at other locations.

Please report dumping! Take a license plate number, or photo of a licence plate and send that to Bryce Jones or Michele Niles. Bryce_jones@splatsin.ca, Michele_niles@splatsin.ca. The RCMP will be called to enforce any illegal dumping that we can report.

Housing

Please see Roberta Thomas or Michele Niles to update your housing file. As of March 31, 2018, all rental contracts must be renewed. You can contact Roberta at splatsinhousing@splatsin.ca . Michele Niles can be reached at michele_niles@splatsin.ca . You may also contact Lisa David if you require assistance at hpadmin@splatsin.ca, or 250-838-6496 ext. 229 for any assistance.

Emergency Planning

Starting April 27 at 2:30pm community emergency meetings will be held for any community member interested in discussing emergency planning. We will be discussing the community's direction for emergency planning, as well as bringing information related to emergency services to the community. Meetings will be held every Friday at 2:30pm in the new Community Centre room. We invite you to join us and include your voice in our community discussion.

Splatsin Community Center Information

Please see below for the format of bookings for the community center.

1. Please contact Wilma Maxime, at bookings@splatsin.ca about your meeting or event date. I can be reached through email, phone or by stopping by my office in the Community Center to check on availability of room or space.
2. If your date is available, I will then put you in the calendar as tentative and email you a booking form to fill out.
3. Once you email me with your completed booking form, only then, I will remove the tentative and confirm your booking by sending you a calendar invite to accept.

On the booking form we ask that you fill out as much information as possible including:

- amount of people
- if you need coffee and/or water
- equipment required - projector, whiteboard, phone...
- a drawn-up layout of how you want your booking set up
- early access, if required before the date and time of your event
- if you think you may go over time at your meeting, please make sure you state that in your booking form

We ask you to be diligent with your booking times. For example, if you are booking from 1:00pm-3:00pm, we need you out on time. We have other bookings on a regular basis, especially for room 2, which frequently has late afternoon bookings during the week. Please be respectful of time management as our staff need time to get in and clean for the next meeting.

Kitchen Use

The kitchen rental is now \$100.00 for full use or \$50.00 for basic use.

1. We will ensure the kitchen is unlocked for your booking,
2. Every caterer or food provider is required to ensure the level of cleaning standard is to the expectations of their obligations for food safety standard. We will do our best to provide a clean and tidy space, but the level of food safe requirements is the responsibility of the booking party.

New community Centre Room- For Splatsin program delivery and Band Members

3. We ask that you clean up and leave the space as clean as you found it. This space is very high use. Please take out your garbage, sweep and clean the kitchen. This space is used from 3:00pm – 7:00pm daily for the youth program, unless you ask for it to be booked for your event.
4. If you have any question or concerns, please contact:
5. Wilma Maxime, Community Center Manager

TITLE & RIGHTS

Title and Rights update-Bruhn Bridge project in Sicamous

The subject for the May 7th Meeting at the Splat-sin Community Centre is an update with Ministry of Transportation and Highways and Infrastructure on hand.

The British Columbia Ministry of Transportation and Infrastructure is proposing the replacement of the Bruhn Bridge in Sicamous. The Trans-Canada Highway 1 Bruhn Bridge Project extends along Highway 1 west of Old Sicamous Road to east of Gill Avenue, and intersections at Old Sicamous Road, Old Spallumcheen Road, Gill Avenue and Silver Sands Road.

Potential Impacts to Splatstin:

- Potential archeological impacts within Sicamous Narrows and surrounding area
- Environmental impacts associated with fish and aquatic habitat in and around the Narrows, as well as nesting bird potential
- Other potential cultural impacts

The Province has identified 3 options for the Bruhn Bridge Replacement:

Option 1-New 6-lane bridge on Trans-Canada Highway 1

Option 2-New 5-lane bridge on Trans-Canada Highway 1

Option 3-New 4-lane bridge on Trans-Canada Highway 1 with an additional Main Street Bridge

Next Steps: Splatstin staff are working on assessing the cultural and environmental impacts associated with this project. We will be bringing the information forward to the community through various methods (meetings, newsletters, and social media).

Wildlife Problem Directory:

*problem bears call the RAPP Line at **1-877-952-7277**

*to Report a dead bird call **1-866-431-2473**

*Fisheries Enforcement Office **250-804-7008**

*road kill report to JPW Road Maintenance **877-546-3799**

What to do when you find a bear in your yard:

1. If you, members of your family or pets are outside, move slowly and quietly inside. Do not turn your back to the bear, but do not make eye contact either.
2. Telephone your neighbors and advise them that a bear is in the area.
3. Sit back and wait. If the bear has no reason to stay, it should soon leave.
4. If the bear does not leave within an hour or so, becomes aggressive, or attempts to enter your residence, you should immediately call the **Conservation Officer (1-877-356-2029) and ENDERBY RCMP (250-838-6818).**

RESTORATIVE JUSTICE

Ts'qwaststen Knuctenwac Restorative Justice Committee & Splatsin

Community Justice Forum (Restorative Justice) Facilitator Training

This 2 ½ day workshop will cover the history, philosophy, and theory behind restorative justice and community justice forums (CJF). Participants will learn how to assist their communities in addressing harmful and/or criminal behaviour by bringing together the parties/people affected by the incident, including support for those who caused the harm and those harmed. A key component of the training will focus on the emotional impact that is the result of the offending behavior on all of those affected. An introduction to basic facilitation skills will provide participants with direction on the preparatory skills required to facilitate a CJF. The training is open to anyone with an interest in restorative justice as well as those interested in becoming facilitators
