OUTDOOR LEARNING SCHOOL

Outdoor Learning School in School District No. 83

WHAT? WHERE? WHEN? HOW? WHY?

*Come have your questions
answered:*

NOVEMBER 7, 2017

**6 P.M. AT SULLIVAN CAMPUS
SALMON ARM SECONDARY**

The school district recently completed a parent survey showing overwhelming interest in the school district forming an Outdoor Learning School . . . so now what?

Come learn more specific details about what Outdoor Learning is, how the B.C. curriculum is taught through nature's lens and what this will mean for your child, program requirements and commitments and possible grade configurations.

After the session parents will have the opportunity to INDICATE THEIR INTEREST in registering their child(ren) for an Outdoor Learning School. This information will form part of the presentation to the Board of Education asking for approval to proceed with a school for September 2018.

Its not too early to start thinking about Flu season.

Each year many people get sick with influenza which can lead to more serious health complications like pneumonia. Influenza vaccines are recommended as the best way to prevent the flu and are free for all First Nations people on or off reserve.

Some other important ways to avoid getting influenza:

- Wash your hands!
- Cover your sneeze/cough in a tissue or your sleeve.
- Throw tissues out right away!
- Keep household and work surfaces clean.
- Avoid touching your eyes, nose and mouth.
- Keep your distance from people who are sick.
- If you are feeling sick... Stay home!

Remember: Elders and infants are especially vulnerable to the flu virus. By choosing to get immunized you're protecting your community and loved ones.

SOCIAL HOUSING & PUBLIC WORKS

STREET LIGHT NOTIFICATION

If anyone notes that there is a pole that is flickering or out, please take the tag number which is located on a metal tag on the light. Explain if the light is flickering or out. Please text Bryce Jones the details at 250-306-9364.

COLD WEATHER TIPS

Colder weather means critters will be looking for warmer homes.

Please keep in mind while prepping your house for the winter. Here are some tips!

1. Keep all food stored in airtight containers.
2. Keep a lid on your garbage containers and move to an outside stand as soon as possible
3. Inspect your rental unit for any cracks or holes in the foundation and vents.
4. Inspect dried food packages.
5. Landscaping that comes in contact with your rental unit gives pests an easier way indoors, so keep trees/bushes, and appliances or other debris away from the building.
6. Clean countertops, tables and floors on a regular basis to prevent food or crumb buildup.
7. Keep the screens and storm doors in the rental unit in good shape, this is to prevent pests from entering the rental unit.
8. Beetles and termites love wood, so eliminate any scrap wood inside or outside your rental unit
9. Keep your rental unit clutter free, pests love hiding out in dark areas, so the more clutter you have, the more homes they have to choose from.
10. Use pest control products like zappers, sprays, sticky traps and more to prevent the problem from getting bigger
11. Check your pets before they come inside, for pests like fleas because they can spread easily once indoors.

12. Vacuum the rental unit frequently to eliminate pests and or pest eggs.
13. Resist using wood mulch for landscaping, instead try gravel or rock.

Helpful tips from Ledford's Pest Control Blog.

Please note: the SplatSin Housing Department is still handing out ECAP forms, call or stop by the office for more information. Ask for Roberta or Lisa.

Reminder to Tenants – Tenants need to fill out Repairs and Maintenance forms, to keep a written record of all repairs to the Rental units.

TITLE & RIGHTS

CULTURAL COORDINATOR

Left to right background: Donna Antoine, Bart Thomas, Harold Thomas

Left to right foreground: Marlene, Trina and I forgot these lovey ladies name in red.

Went to Revelstoke

September 23, 2017, I saw so many faces from Splatsin at the Mount Revelstoke National Park, for the Fall Secwepemc Gathering.

The kids at this event blew me away; all of them were doing their part helping elders and picking up garbage in and around the event. Watching them run around playing and laughing was magical; it must have been making all the ancestors happy because the weather stayed nice for our weekend.

Listening to the stories and visiting with the elders in and around all the political talks must have been just like it was back in the days that our ancestors would meet in Sicamous to have potlucks at the end of the seasonal round.

Also on this day, there was an event at the BC Interior Forestry Museum and Forest Discovery Centre which were hosting a project called the Canada All Nations Tree Plant. They planted 150 trees, shrubs and perennials which were actually

planted by 32 different nations for Europe & UK, Asia & Far East, Africa, South America and of course North America.

Brian Sumner contacted me and asked if I could bring an Elder to do the opening prayer, which I decided to bring my mother since she and I rarely have quality time together, so this was nice. Also, it was a pleasant surprise to be met by Harold and Bart Thomas who was also invited to share a song and offer smudge before the ceremony, I'm certain that they woke up the spirits because we were all so very excited to get these trees and shrubs in the ground.

Bart planted juniper for the Sinixt, Marlene Krug from the Tsimshian Nation planted a shrub for the Okanagan and I planted juniper and yarrow for the Secwepemc, and snowberry for the Ktunaxa.

I left with a suggestion that this should be an annual event and that maybe they could also give out saplings to the visitors to take home and plant. For all the trees that are clear-cut, it would be nice to have many people from different parts of the territory replacing some of the majestic beauties that have been stripped from the lands so many generations ago.

Respectfully,

Trina Antoine- Cultural Coordinator

NEW STAFF INTRODUCTION

Hi, I'm Valerie Simard and I'm pleased to be the new researcher for Title and Rights, Splatsin. I recently moved from Airdrie, Alberta and am loving this new chapter in my life. I was a dental hygienist and mother for many years and then I went back to school to follow my passion for archaeology and history. My archaeology focus was on social identity in ancient West Mexico and I am very fortunate to have made two archaeology trips to Mexico to further my knowledge. I also worked in various museums doing curatorial work while I was in school. In my free time I enjoy writing, painting, photography, yoga, travelling and hiking. I'm looking forward to meeting the community and can be reached most easily by telephone (250) 838-6496 Ext. 256
